# TOUR OF HAMSTERLEY RALLY

## MARSHALS NEWSLETTER no2

Things have been busy lately for me with all the organising stuff, so apologies for the delay in the second newsletter.

The stages are now all but finalised and as ever, a fantastic route awaits. 7 stages in total this year all run in the Hamsterley complex. Two loops of three stages and stage 7 is an amalgamation of two of them stages. Marshals on parts of stage 1/4 and part of stage 2/5 will also be looking after stage 7. That means with the two loops, seeing the cars three times. Those of you marshalling other parts and stage 3/6, will see the cars twice and be able to spectate for the final stage.

Approximate rally times are starting around 8.30am and finished about 4.30pm. The usual burger van will be in the grove car park from about 7am for breakfasts. The entry list will be updated on the website as often as possible. We hope to have a good mix of cars and are a round of a few championships including the Motorscope Northern Historic Championship. Hope to see many of you there. (note; Bill Winning is on holiday for a couple of weeks).

Dave Brownridge (Chief Marshal)
